NEW ORLEANS BICYCLE CLUB

June 13-14, 2015
 New Orleans Bicycle Club

TOUR DE LOUISIANE XLIV

This year the *Tour de Louisiane* celebrates its forty-fourth year as a club-promoted stage race. As far as we know, it's the oldest such race in the country. This is a race that is run entirely by and for competitive cyclists, most of whom would really rather be riding in it. The promoter, officials, judges and assistants are primarily active racers who donate their time and energy toward running a bicycle race that they, as bicycle racers, can be proud of. The Tour is promoted by the **New Orleans Bicycle Club**, and many of its members contribute to its success. We generally consider "success" to be breaking even on expenses, not sending anyone to the hospital, and not taking up so much time that we have to miss any area races.

We would like to thank The Washington Parish Sheriff's Office for their invaluable assistance with this year's Road Races. We would like to thank the St. Tammany Parish Sheriff's Office and Lakeshore High School for assistance with the Time Trial. We would like to give special thanks to the City of Covington for their invaluable assistance with the Criterium course. We would also like to thank all of the members of the New Orleans Bicycle Club and Louisiana bicycle racing community who helped out when needed. Our biggest thanks, however, go to the riders themselves, who have supported this event for over four decades, and without whom events such as this would be meaningless.

RULES AND REGULATIONS

FINAL STANDINGS IN ALL CLASSES WILL BE DETERMINED BY TOTAL ELAPSED TIME. Stage Timing will be to the nearest second (truncated). See bunch timing rules below. Ties on GC resolved by tenths of seconds in TT per USAC stage race rules. Scoring for General Classification only. Reminder: All riders on the same team must wear identifiably similar jerseys in the Road Race and Criterium.

RACE NUMBERS

The **large number** should be placed on the *side* of the lower back, just above the pockets (if any), turned so that the numbers are upright when the rider is horizontal. The other number goes on the back so it is visible from behind (required for Road Race and Criterium only). Judging for all races will be from the right side, so side numbers go on the **RIGHT**.

Numbering generally as follows:

Category 1/2/3:	#1-99
Category 4:	#100-199
Category 5:	#200-299
Master-40+:	#300-399
Junior:	#400-449
Women:	#450-499

TIME BONUSES

STAGE PLACINGS

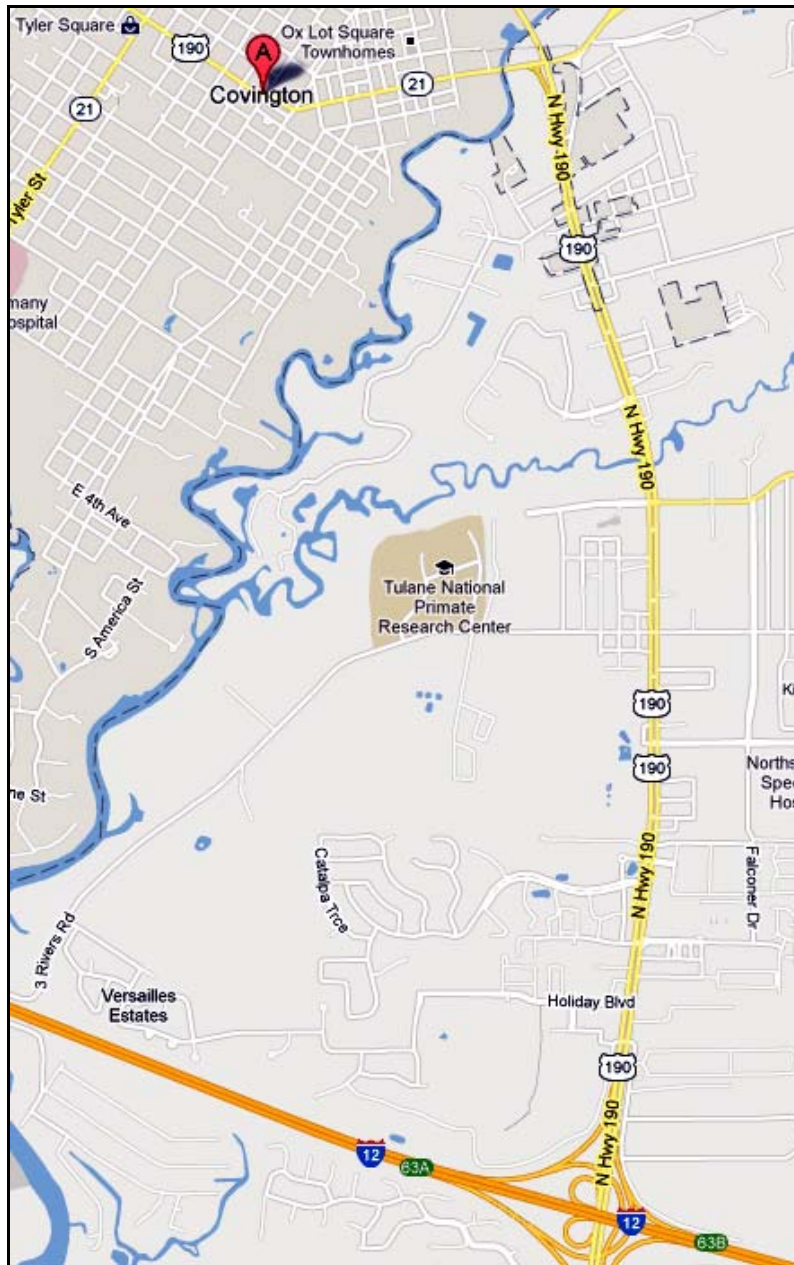

The top finishers in the Road and Criterium stages will be awarded time bonuses as follows for First, Second, and Third place finishes (all classes).

- 1st Place: 10 Seconds**

CRITERIUM AREA MAP

HOT SPOTS

There will be a single HOT SPOT for each class in the Road Race and in the Criterium. Road Race Hot Spots will be at the finish line on completion of **Lap 1** (all classes). Criterium Hot Spots will be at the approximate mid-point of each race (see Criterium section of program). Hot spot time bonuses will be awarded for First and Second and Third places as below (all classes):

1 st Place:	6 Seconds
2 nd Place:	4 Seconds
3 rd Place:	2 Seconds

TRAFFIC CONTROL

Both the Time Trial and Road Race courses are **OPEN TO TRAFFIC**. Please remember that most drivers do not know how to react to a racing peloton. Use your head and **STAY IN THE RIGHT LANE AT ALL TIMES!** All turns should be monitored, but the final responsibility for safety rests with the rider! We sometimes have trouble stopping cars. **HEADS UP THROUGH TURNS!** When warming up before races, **KEEP THE ROAD CLEAR** by not standing around in the street talking, etc. This is very important to our ability to continue to have races on our course. Riders are reminded that the time trial and road courses are open to traffic, and that they should at all times avoid blocking the road, especially in the start/finish area. Please respect the rights of others with whom we share the road. Team and individual vehicles are to stay in the parking area at all times. *Private vehicles are not allowed on the course.* Special course instructions appear below for each event.

The original New Orleans Bicycle Club was founded in 1880, and incorporated in 1885. Six years later, in 1891, the club built its own clubhouse at the corner of Baronne and Peniston. After disbanding some time later, the club was finally reorganized in 1968 by a few interested cyclists who had recently discovered "ten-speeds". Incorporated a couple of years later, the club was responsible for nearly all organized racing in the state for some years. One of the club's first big projects was the New Orleans 100 National Bicycle Race, which was held on March 30, 1969. From this humble beginning evolved the Tour de Louisiane. The Tour has been host to a number of notable riders, including national champions and Olympic competitors, but has always remained open to the club riders that form the basis of U.S. cycling. For more information about the club and its activities, visit the website at www.neworleansbicycleclub.org/.

3. All riders finish on the same lap as the leader.
4. **Lapped riders** may be pulled by the referee if they threaten to interfere with judging and/or the finish. Times for pulled and lapped riders will be calculated according to USAC rules.
5. **Lapped riders** who are not pulled and allowed to continue, and are then caught by a **breakaway** from the field, may not lead [disqualification] the breakaway. Riders off the front of the field may not accept assistance from riders who have lost contact with the back of the field [disqualification for accepting such assistance]. Lapped riders may rejoin and race with the **field**.
6. Riders must finish the Road Race and Time Trial in order to ride in the Criterium.
7. Following a bunch sprint, riders in the group must verify their presence in the group with the judges IMMEDIATELY after the sprint. See the section on CONTROL SHEET sign-in.
8. Bikes and tires may be checked at the start.
9. **NUMBERS:** Side number should be on RIGHT back, above the pockets. Back number on center back.

HOT SPOT

There will be a time bonus Hot Spot at the approximate **mid-point** of each race for *First-Third places only* worth 6, 4 and 2 seconds respectively. Hot Spots will be indicated by ringing of the bell.

CONTROL SHEET

All criterium riders in a pack sprint are required to check in with the official handling the control sheet at the start line immediately (within 5 minutes) after the finish. If you feel you placed in the top 5 in a pack sprint, please also verify your placing with the chief judge at that time.
